Wine contest

THE GOLDEN GRAPE

10th edition, 5-6 september 2016

The contest will take place between the 5th – 6th of September, before The National Folk Festival “*The Golden Grape*” and before the most important event from the viticulture calendar, the vintage. The organizers are the same as the previous years: County Council of Alba, the National Inter-professional Wine Organization and the Association of Certified Wine Tasters Romania.

The event grows from year to year, receiving more samples from producers all over the country but also from producers abroad. The contest has two sections: still and sparkling wines (still wines include white, rose, and red wines), and according to the sugar content, dry, offdry, semisweet, and sweet wines.

Samples are going to be hidden and coded before the contest starts and the appreciation of the wine quality will be made based on the 100 points scale approved by the O.I.V. – U.I.O. Awards will be given according to the score obtained and will not exceed 40% from the total amount of samples received. During the contest the tasting session will be public in order to observe the way of judging.

The last day of enrollment is the 1st of September 2016. The application form is available on the site www.strugureledeaur.ro and can be also sent at the following e-mail addresses: office@oniv.ro; adar1994@gmail.com; di.pavelescu@gmail.com.
